# REED

Reed lives in shallow water or low wetlands, and can adapt to water in a wide range, from wet soil to perennial water, from a few centimeters to more than 1 meter deep, forming reed communities. The flower of reed is resilient, and its environment is very adaptable. May we, like the reed, grow and shine wherever we are.

芦苇生在浅水中或低湿地，对水分的适应幅度很宽，从土壤湿润到长年积水，从水深几厘米至 1 米以上，都能形成芦苇群落。芦苇的花语是韧性，它的环境适应能力很强，愿我们也像芦苇一样，无论在哪里，都能让自己不断成长，发光发亮。

### The new challenge:

For the modern office, a meeting means the beginning of a challenge, and a challenge requires a good environment, which is enough to make you confident to meet the creative challenges in your work again and again. Here can be the birthplace of creativity or the beginning of a win-win cooperation.

### 全新的挑战：

对于现代办公来说。一场会议就意味着一次挑战的开始，挑战需要有个好的环境，这样便足以令您信心百倍去迎接工作中一次又一次创意的挑战。这里可以是创意的诞生地，也可以是合作共赢的开始。

#### urban fashion

Against the backdrop of the noisy city, simplicity becomes especially important, with natural and clean lines. Discarding the complexity is the subject we want to elaborate.

在喧闹的都市衬托之下，简单变得尤其重要，自然，简洁的线条。丢弃繁杂，是我们想要阐述的主题。

## DANDELION

风一吹，蒲公英们便踏上旅途，他们勇敢、自由、无畏，年轻的身姿随风自由自在地飞。它们也是有创意的、浪漫的。在无法知道自己会在什么地方，什么时间降落的情况下，享受未知、刺激的旅途。这不是很有趣吗？它们可能会落在人们头上、猫咪背上等等，每一次的降落都可能形成有趣的画面。过程可能短暂，但是充满意义。

As soon as the wind blows, the dandelions embark on a journey. They are brave, free, and fearless, and their young figures fly freely with the wind. They are also creative and romantic. Enjoy the unknown and exciting journey without knowing where and when you will land. Isn't this fun? They may fall on people's heads, cats' backs, etc. Each landing may form an interesting picture. The process may be short, but full of meaning.
